*Our exclusive Medical Seed Bank.  
A special collection of feminised Cannabis Seeds,  
selected for customers attentive to therapeutic  
properties and to the pursuit of the best quality.*

Medical Cannabis Collection

## OUR SEEDS BANK

Enecta provides its *own collection of feminised seeds*. These seeds are the result of a careful cross breeding between very popular medical strains and their genetics with the CBD (from the CVPO register.) *The result are 4 strains with different cannabinoid values, but all aimed at maximising the therapeutic effect.* Enecta's genetics are designed for an easy cultivation and ensured result. These are excellent plants *both for outdoor and indoor cultivation* with high inflorescence production.

*4 strains with different  
Cannabinoid Values*

## VINEA FRUIT

*Sativa Strong*

*Variety of easy cultivation, it adapts well in crops indoors and outdoors.* Vinea Fruit has a medium structure with enough ramifications, a very penetrating *fruity smell* and a very pleasant *sweet taste*.

## CITRUS HAZE

*Sativa Super Strong*

*Variety mostly Sativa* of great structure which makes it very productive. *Citrus Haze grows in branches* that will fill with *compact flowers*. Plant with a fresh *citrus smell* with *haze nuances* and an *intense flavor*.

## FACILIS AURORAE

*Autoflowering Indica*

*Autoflowering variety of large size* accompanied by *strong ramifications*. *Delicate but penetrating aroma*. Facilis Aurorae *begins flowering automatically* when the plant reaches *the mature height and size*.

## ABUNDANS CBD

*THC / CBD Hybrid*

*Variety of medium but robust structure*, with large and strong side branches. *Abundans CBD percentage of Cannabidiol is very high*, which makes it very special, with ratios between *1:1 and 1:2 THC:CBD*.
